

Thomas BOYER-KASSEM

(born BOYER)

Associate Professor in Logic and Philosophy of Science
Philosophy Department, Lab. MAPP
Université de Poitiers
8 rue René Descartes,
TSA 81118,
86022 Poitiers Cedex 9,
France.

- PhD in Philosophy (Univ. Paris 1, 2011),
“Agrégé” in Physics (2006).
Former student of the ÉNS de Cachan (2003).
- thomas.boyer.kassem@univ-poitiers.fr +590 6 91 28 69 68
<http://thomasboyerkassem.yolasite.com/> (*publications can be downloaded from this website*)
- Born on 21 April 1984. French nationality. Married, four children (2015, 2016, 2018, 2020).
- **Areas Of Specialization** : philosophy of science, philosophy of physics, social epistemology, formal epistemology, decision theory.
- **Areas Of Competence** : epistemology, history and philosophy of science, logic, history of analytic philosophy, physics.

Academic positions

- 2018-... Associate Professor (Maître de Conférences) in Logic and Philosophy of Science,
Université de Poitiers, Philosophy Department.
(on parental leave for 2021-2023)
- 2017-2018 Assistant Professor (ATER) in Philosophy, Université Grenoble Alpes, Philosophy Department.
- 2015-2017 Post-doctoral researcher AXA Research Fellow, TiLPS, Tilburg University, The Netherlands.
- 2014-2015 Post-doctoral researcher, Archives H. Poincaré, Nancy.
- 2013-2014 Assistant Professor (ATER) in Philosophy, Université Lille 3, Philosophy Department.
- 2012-2013 Assistant Professor (ATER) in History and Philosophy of Science, Université Lille 1, Physics Department.
- 2012 Post-doctoral researcher, MSH Lorraine, Nancy.
- 9-12/2010 Invited scholar, Columbia University, USA, Philosophy Department (P. KITCHER).
- 2008-2011 Graduate student, Université de Paris 1 Panthéon-Sorbonne, at the IHPST lab.

Education

- 2011 **PhD** (doctorat) in **Philosophy**, Université de Paris 1 Panthéon-Sorbonne, grade “With Highest Honors”, unanimous jury.
Thesis (in French): “The plurality of interpretations of a scientific theory: the case of quantum mechanics” [[abstract & pdf](#)], directed by Jacques DUBUCS (Research Director, IHPST) and Anouk BARBEROUSSE (Full Professor, Université Lille 1).
Members of the jury: Alexandre GUAY (Associate Professor, Université de Bourgogne), Franck LALOË (Research Director, ÉNS), Stéphanie RUPHY (Associate Professor HDR, Université de Provence). Report by Philip KITCHER (Full Professor, Columbia University, États-Unis).
- 2010 **Course on Philosophy of Quantum Mechanics** (*graduate students*), Columbia University, USA.
- 2009 **Summer School on Philosophy of Quantum Mechanics** “GSSPP09”, Geneva University, Switzerland.
- 2003-2008 **Student at the École Normale Supérieure de Cachan**, 2nd. (*The ÉNS de Cachan is a highly competitive “Grande École”, distinct from universities. Students are civil servants.*)
- 2008 **Master in Philosophy**, specialty Philosophy of Science, Université de Paris 1 Panthéon-Sorbonne. **Grade Very Good.**
Thesis (in French): “Quantum mechanics and path integral: does the interpretation of a theory change with its mathematical formulation?”, directed by A. Barberousse (IHPST) and G. Cohen-Tannoudji (CEA). Grade: **18/20**.
- 2007 **Licence in Philosophy**, Université de Toulouse 2.
- 2006 “**Agrégation**” in **Physics**, 21st (135 admitted, 1700 applicants).
(*French highest competitive exam to be able to teach in highschools or universities*)
- 2005 **Master 1 in Physics**, Université de Paris 6. **Grade Good.**
4-months research internship at the Physics Institute, Humboldt-Universität zu Berlin (Germany).
- 2004 **Licence in Physics**, Université de Paris 6. **Grade Very Good.**
- 2003 **Admitted at the ÉNS de Cachan**, Physics department.
2nd at the competitive exam École Polytechnique & ÉNS de Cachan (PSI track).
- 2001-2003 Scientific “classes préparatoires”, lycée Louis-le-Grand, Paris.
(*intensive classes to prepare for competitive exams*)

Prizes, grants, and research projects

- 2021-2025 **Bonus for Graduate Student Direction and Research** (PEDR).
- 2013 **Young Researcher Prize** of the French Philosophy of Science Society (SPS) [[www](#)]
- 2020 Project MSHS Poitiers / CNRS “Decision, risk, meditation” (10 k€).
- 2019 Project MSHS Poitiers “Precaution in health and environment” (3,5 k€).
- 2018-2021 **Junior Excellence Chair**, Idex Bordeaux (320 k€), declined.
- 2018-2020 **Marie Skłodowska-Curie Grant**, London School of Economics (200 k€), declined.
- 2015-2017 **Post-doctoral Grant** Axa Research Fund (120 k€).
- 2008-2011 Graduate student allowance, Université de Paris 1.

Member of research projects

- 2020-2023 ANR project “CRISP” (resp. S. RUPHY, ENS). [[www](#)]
- 2020-2023 Nouvelle-Aquitaine region project “PhiBioMed” (resp. M. LEMOINE, U. Bordeaux).
- 2021-2022 ANR project “Respire” (resp. B. Ventelou, Aix-Marseille U.) [[www](#)]
- 2020-2021 ANR Flash COVID-19 project “ConfinObs” (resp. M. Willinger, U. Montpellier) [[www](#)]

| | |
|-----------|--|
| 2019-... | PhilInBioMed network, Université de Bordeaux (resp. T. PRADEU, CNRS, Bordeaux). |
| 2018-2022 | Project “Collaborative space: crossing knowledge with all” (GIS Participation and Democracy: ATD Fourth World, CNAM, CNRS) [www] |
| 2017 | Idex Jedi project , Univ. Côte d’Azur, “Quantum Cognition” (resp. É. GUERCI, U. Nice). |
| 2016-2017 | CPER Univ. Lorraine project “D3CTRIX ” (resp. C. IMBERT, CNRS, Nancy). |
| 2015 | CNRS PEPS project “ D3CTRIX” (resp. C. IMBERT, CNRS, Nancy). |
| 2015 | CNRS PEPS project “Quantumtest” (resp. É. GUERCI, U. Nice). |
| 2011-2014 | MSH Lorraine project “Colexia” (resp. C. IMBERT, CNRS, Nancy). |
| 2009-2011 | ANR project “Compuphys” (resp. A. BARBEROUSSE, CNRS, Paris). |

Administration and research activities

Pedagogical responsibilities

| | |
|-----------|---|
| 2018-2021 | Director of the Undergraduate Studies in Philosophy, Université de Poitiers. |
| 2018-2021 | Handicap referent for the Philosophy department, Université de Poitiers. |

Research management

Graduate student direction:

| | |
|----------|---|
| 2021-... | Sara Martouzet, “ <i>Meaning and values of healthcare in organ donation of a Maastricht III kind: an approach of field philosophy</i> ”, co-dir. with E. Rusch (Univ. Tours). |
|----------|---|

Member of a PhD jury:

| | |
|------|--|
| 2020 | André Sarrazin, “ <i>Causality between physics and metaphysics</i> ”, Université de Poitiers and Institut Catholique de Paris, 9 Dec. 2020. (Directors: Sylvain Roux and Camille Riquier) |
| 2019 | Daniel Mateo Ramirez, “ <i>Determinism and indeterminism: Bergson’s philosophy and the analysis of physical problems</i> ”, Université de Poitiers, 17 Dec. 2019. (Director: Sylvain Roux) |

Master theses:

| | |
|-----------|---|
| 2019-... | Direction of 2 Master 1 theses in philosophy of science (Univ. Poitiers). |
| 2017-2018 | Direction de 2 Master 1 theses in philosophy of science (Univ. Grenoble Alpes). |
| 2017-... | Member of the jury of 3 Master 2 theses in philosophy (Grenoble and Poitiers). |
| 2019-... | Member of the direction team, Diploma “Philosophy in the sciences: conceptual approaches applied to biological and medical research”, Université de Bordeaux. [www] |

Member of a recruitment committee

| | |
|------|---|
| 2020 | Position of Associate Professor “Philosophy of technics: contemporary approaches”, Univ. Paris 10 Nanterre. |
|------|---|

Editorial responsibilities, expertise

Member of scientific committees:

- Classiques Garnier editions, coll. « History and Philosophy of Science », Paris (since 2009).
- *Philosophia Scientiae*, Paris: Kimé (since 2015).

Reviewer for journals:

- **philosophical:**
 - *Analysis*,
 - *Dialogue*,
 - *European Journal for Phil. of Science*,
 - *L'Encyclopédie Philosophique*,
 - *Journal of Philosophy*,
 - *Lato Sensu* ($\times 4$),
 - *Philosophers' Imprint*,
 - *Philosophia Scientiae* ($\times 2$),
 - *Philosophy & Technology*,
 - *Philosophy of Science* ($\times 2$),
 - *Studies in History and Phil. of Science*,
 - *Synthese* ($\times 5$).
- **scientific or interdisciplinary:**
 - *Axioms*,
 - *Ethics, Policy and Environment*,
 - *Historical Social Research*,
 - *Journal of Mathematical Psychology*,
 - *Participations*,
 - *Politics, Philosophy & Economics*,
 - *Revue des Questions Scientifiques*,
 - *Risk Analysis*.

Scientific expert for research grants:

- Agence Nationale de la Recherche (2021),
- European Science Foundation (2016-2022),
- Quantum Engineering, Université Grenoble Alpes (2018, 2019),
- City of Paris (2015),
- Île-de-France Region (2012).

Scientific expert for assessing institutions :

- AÉRES (2013).

Organization of workshops and seminars

- 2019-... *Social and formal epistemology seminar*,
Paris Sorbonne, monthly (co-org. with C. IMBERT, I. DROUET, C. PATERNOTTE).
- 2019 “Precaution” seminar, Poitiers, monthly.
- 2017 “Group decision-making in scientific expert committees”,
Tilburg University (Pays-Bas), 12-13 April. (co-org. with D. KLEIN). [[www](#)]
- 2016 “Modelisation and Simulation in Social Sciences and Humanities”,
Université de Lorraine, Nancy, 13-14 Oct. (co-org. with C. BOURJOT, V. CHEVRIER, C. IMBERT).
- “Philosophy of the Precautionary Principle”,
Tilburg University (The Netherlands), 3 May. (co-org. with J. SPRENGER) [[www](#)]
- 2015 “Modelisation of collective decisions: interdisciplinary perspectives”,
MSH Lorraine, Nancy, 17-18 Nov. (co-org with C. IMBERT)
- “Quantum models of cognition”,
MSHS South East, Nice, 8 Jan. (co-org. with S. DUCHÈNE and É. GUERCI). [[www](#)]
- 2013 “Modeling epistemic and scientific groups: interdisciplinary perspectives”,
MSH Lorraine, Nancy, 25-26 Nov. (co-org. with H. GALINON and C. IMBERT). [[www](#)]
- 2012 “Epistemic groups and collaborative research in science”,
Archives H. Poincaré, 17-19 Dec. (co-org. with C. IMBERT). [[www](#)]

Member of the program committee:

- 2019 – European Philosophy of Science Association 2019 Conference, Geneva (Switzerland), 11-14 Sept. [[www](#)]
 – “Formal Epistemology Workshop 2019”, University of Turin (Italy), 19-21 June.

- 2018 – “Is there a future for progress?”, Universcience / Cité des Sciences, Paris, May.
- 2017 – “Formal Epistemology Workshop 2017”, Washington Univ. (Seattle, USA), 26-28 May
- 2016 – “René Descartes Lectures”, Tilburg University (Pays-Bas), 5-7 Sept.
- 2014 – “Agent-based modeling in philosophy”, LMU Munich (Allemagne), 11-13 Dec.

Organization of reading groups

- 2016-2017 Tilburg University (The Netherlands) : collective decisions (monthly).
- 2015-2016 Tilburg University (The Netherlands) : philosophy of risk (monthly). [[www](#)]
- 2012 Archives H. Poincaré, Nancy : social epistemology (monthly).
- 2009-2010 IHPST, Paris : models and scientific representation (bimonthly).
- 2008-2009 IHPST, Paris : causality (bimonthly).

Publications

Please note that my name was BOYER before 2014, and BOYER-KASSEM afterwards.

Book

- [A.1] BOYER-KASSEM, Thomas (2015), *Qu'est-ce que la Mécanique Quantique ? (What is Quantum Mechanics?)*, Paris: Vrin, Coll. "Chemins Philosophiques", 128 p. [\[pdf\]](#)

Reviewed in *L'Œil de Minerve*.

Edited book

- [B.1] BOYER-KASSEM, Thomas, Conor MAYO-WILSON and Michael WEISBERG (éds.) (2017), *Scientific Collaboration and Collective Knowledge*, New York: Oxford University Press. [\[pdf\]](#) [\[www\]](#)

Reviewed in *BJPS Review of Books*, *Lato Sensu*, *Notre Dame Philosophical Reviews*, *Philosophy of Science*.

Articles in international journals

- [C.14] IMBERT, Cyrille, and Thomas BOYER-KASSEM (forthcoming), "Explaining scientific collaboration: a general functional account", *The British Journal for the Philosophy of Science* [\[pdf\]](#) [\[doi\]](#)

 TiLPS seminar in epistemology and philosophy of science, Tilburg University. 16 March.
- * “L'agrégation des probabilités et la comparaison avec un seuil”,
 seminar Décision, Rationalité, Interaction, IHPST, Paris. 18 Feb.

- 2015 “ La modélisation des cascades de réputation dans les groupes délibératifs”,
Modélisation des délibérations et des décisions collectives, MSH Lorraine, Nancy. 17-18 Nov.
- “Explaining scientific collaboration”,
TiLPS seminar in epistemology and philosophy of science, Tilburg University. 2 Sept.
- * “Modèles du jugement avec probabilités quantiques : de nouveaux tests empiriques”,
seminar Probabilité, Décision, Incertitude, IHPST, Paris. 22 May.
- “Testing quantum models for question order effects and for the conjunction fallacy”,
Quantum models of cognition, MSHS du Sud-Est, Nice. 8 jan.
- 2014 “Tester les modèles quantiques du jugement – présentation du projet Quantumtest”,
MSHS du Sud-Est, Nice. 25 November.
- 2013 « Why should scientific collaborations form? Modeling from the micro »,
Modeling epistemic and scientific groups, MSH Lorraine, Nancy. 25-26 Nov.
- * “L’équivalence empirique des interprétations de la mécanique quantique”,
SPHERE graduate seminar, Université Paris Diderot. 13 November.
- * “Représenter spatialement pour calculer, non pour visualiser”,
Lille-Gent seminar, MESHS, Lille. 25 June.
- * “La multiplicité des explications scientifiques ”,
Les niveaux d’explication en physique, IHPST, Paris. 20 June.
- 2012 “Why should scientific collaborations form? Modeling from the micro”,
Epistemic groups and collaborative research in science, Archives H. Poincaré, Nancy. 17-19 Dec.
- “Stratégies de publications en science”,
Multi-disciplinary workshop, MSH Lorraine, Nancy. 22 March.
- 2010 * « Une introduction aux enjeux philosophiques en mécanique quantique »,
Philosophy department, Université de Nantes. 30 March.
- * Commentateur, *colloque Fondements de la mécanique quantique et information quantique*.
École Normale Supérieure, Paris. 8 janvier.
- 2005 * “Spin chain simulations with a meron cluster algorithm ”,
Institut de Physique, Humboldt Universität zu Berlin. 25 Aug.

Posters

- 2019 “Aggregating degrees of beliefs with thresholds”
et “In Praise of Contradiction: How to Help Deliberative Groups Uncover What They Believe”
Deliberation, Belief Aggregation, and Epistemic Democracy II, Univ. Cergy-Pontoise. 11-13 June.
- 2013 « Why should scientific collaborations form? Modeling from the micro »,
Decision, Games and Logic 2013, KTH Stockholm (Sweden). 17-19 June.

Teaching

A note on the teaching levels:

Licence (L1, L2, L3) = first 3 years, roughly undergraduate students.

Master (M1, M2) = 2 years after the Licence, roughly graduate students.

DU Capes Agreg = students preparing for the competitive exams of the “Capes” and of the “Agrégation”, to become a teacher in highschools or universities. They often have a Master.

Université de Poitiers, Philosophy department

| | | |
|-----------|---|--|
| 2020-2021 | DU Capes Agreg (5h) M2 & DU Agreg (24h) L3 (27h) L2 (24h) L1 (24h) | Dissertations and oral training <i>Metaphysics of science</i> <i>Contemporary epistemology</i> <i>Philosophy of logic – What is truth?</i> <i>Propositional logic</i> |
| 2019-2020 | DU Capes Agreg (5h) M2 & DU Agreg (24h) L3 & DU Agreg (27h) L2 (24h) L2 (24h) L1 (24h) L1 (24h) | Dissertations <i>Scientific representation</i> <i>Contemporary epistemology</i> <i>Propositional logic</i> <i>Philosophy of logic – What is truth?</i> <i>Propositional logic</i> <i>Philosophy of science – What is a scientific proof?</i> |
| 2018-2019 | DU Capes Agreg (10h) L3 & DU Agreg (27h) L2 (24h) L2 (24h) L1 (24h) L1 (24h) | Dissertations and oral training <i>Philosophy of science: time</i> <i>Propositional logic</i> <i>Philosophy of logic – What is truth?</i> <i>History of science</i> <i>Philosophy of science – What is a scientific proof?</i> |

Université Grenoble Alpes, Philosophy department

| | | |
|-----------|---|--|
| 2017-2018 | PhD students (6h) M2 (24h) M2 (4h) M1 (24h) M1 (24h) L3 (24h) L2 (24h) L1 à L3 (24h) | <i>Scientific integrity</i> <i>Sciences, Techniques and Society – Scientific expertise</i> <i>Research methodology</i> <i>Philosophy of science</i> <i>History and philosophy of science: quantum mechanics</i> <i>Contemporary epistemology</i> <i>Methodology of text commentary — Kant</i> <i>History of science</i> |
|-----------|---|--|

ÉNS de Cachan, Physics department

| | | |
|-----------|-------------------|---------------------------|
| 2008-2018 | Prépa Agreg (10h) | <i>History of physics</i> |
|-----------|-------------------|---------------------------|

Tilburg University (The Netherlands), Philosophy department

| | | |
|-----------|-------------|------------------------------|
| 2015-2016 | Master (3h) | <i>Science and Democracy</i> |
|-----------|-------------|------------------------------|

Versailles region, highschool teachers

| | | |
|-----------|---------------|-------------------------------------|
| 2014-2015 | Teachers (4h) | <i>Philosophy of thermodynamics</i> |
|-----------|---------------|-------------------------------------|

Université de Lorraine, Philosophy department

| | | |
|-----------|----------------|-------------------------------------|
| 2013-2015 | Master 1 (10h) | <i>Science, philosophy, society</i> |
|-----------|----------------|-------------------------------------|

Université Lille 3, Philosophy department

| | | |
|-----------|----------|---|
| 2013-2014 | L3 (24h) | <i>Contemporary epistemology</i> |
| | L3 (24h) | <i>Philosophy in English — empiricism</i> |
| | L3 (14h) | <i>Scientific culture</i> |
| | L2 (24h) | <i>History of science</i> |
| | L2 (24h) | <i>Philosophy of science</i> |
| | L1 (24h) | <i>Propositional logic</i> |
| | L1 (24h) | <i>Scientific culture</i> |

Université Lille 1, Physics department

| | | |
|-----------|----------|--|
| 2012-2013 | M2 (15h) | <i>Qu'est-ce que la science ?</i> |
| | M1 (24h) | <i>Histoire de l'optique, de Descartes à Fresnel</i> |
| | L3 (24h) | <i>La naissance de la science moderne</i> |
| | L2 (16h) | <i>History of science</i> |
| | L1 (24h) | <i>TP de physique</i> |

Université de Bourgogne, Sciences department

| | | |
|-----------|----------|---------------------------|
| 2011-2012 | L1 (25h) | <i>History of science</i> |
|-----------|----------|---------------------------|

ÉNS de Cachan, Physics department

| | | |
|-----------|--------------------|---|
| 2008-2011 | L3 and Prépa Agreg | <i>Practicum in physics (optics, quantum mechanics)</i> |
|-----------|--------------------|---|

2022-2023 **Physics examiner** in “classes préparatoires” (60h), Baimbridge highschool, Pointe-à-Pitre.

2008-2011 **Physics examiner** in “classes préparatoires” (60h/year), Buffon highschool, Paris.
